<b>Average</b>	<b>109,295</b>	<b>14,370</b>	<b>12,021</b>	<b>14,087</b>	<b>11,305</b>	<b>9,886</b>	<b>6,153</b>	<b>2,520</b>	<b>1,495</b>	<b>1,359</b>	<b>5,410</b>	<b>14,391</b>	<b>18,143</b>

Notes:

1. Sand is bypassed to Pompano Beach just south of the South jetty.
2. Since the District owns its' dredge, the dredging frequency is based on the the need to clear the sand trap and/or channel and favorable weather conditions.
3. **Averages based on data from 1991 to 2020**
4. New dredge was brought into service in May 2008.
5. In 2019, Dredge was in drydock July-Sept for the four year refurbishment. In December no bypassing because of pump repair and rough weather.
6. April 2020 crew were at home for most of month to minimize exposure to COVID-19 Virus.
7. Dredge was in drydock for major refurbishment from June - December, 2023
